Testimonial letter for Kristina Kim

Dear Patrick,

Please acknowledge my great appreciation for Kristina Kim's work as Director, Budget and Contracts, since the start of the GIC13-01 trial.

Since the beginning, Kristina has been responsive and efficiently helped us finalize budget & contract aspects. We had to interact together regarding the amendment of the clinical trial agreement and some invoice adjustments. She works with high professionalism.

Overall, Kristina is the kind of person we really appreciate working with.

All the best,
