Re: Novartis CQBX258X2201 Study

Dear Mr. McLaughlin:

I would like to express our appreciation for Juanito Aquino's work on the Novartis study CQBX258X2201. Juanito has been a pleasure to work with and he has demonstrated enthusiasm and dedication for us to succeed. Please do not hesitate to contact me with any question. Thank you for your time.

Sincerely,

A handwritten signature in black ink, appearing to read 'P. Lee', with a long horizontal flourish extending to the right.
