Patrick McLaughlin
Executive Director
Anaheim Clinical Trials
1085 N. Harbor Boulevard
Anaheim, CA 92801

Dear Mr. Patrick McLaughlin:

I would like to thank Ms. Martha Rojas, Clinical Research Coordinator, for her hard work and efforts in the Novo Nordisk sponsored trials. Ms. Rojas has been extremely helpful in meeting study timelines and has done an exceptional job in finding suitable candidates for our study. I am extremely impressed with her ability to manage subject visits while at the same time be proactive in keeping current on CRF completion. In addition, her strong organizational skills and infallible work ethics have ensured that the study source documents are always well-maintained with high quality of data.

It has been a pleasure working with Ms. Rojas over the past years and I look forward to continuing our working relationship on current as well as future studies.

Sincerely,

Lan Nguyen
