Dear Mr. McLaughlin,

This letter is to express my appreciation of Gaby Huizar, regulatory specialist, for her outstanding efforts on the Phase I trial AB1101 sponsored by Avaxia.

Gaby proves to have a complete and thorough understanding of the regulatory requirements for clinical trials. Gaby is always prepared for each and every monitoring visit. She is very proactive in preparing for my visits or any updates that need to be done to the binders prior to my visits. If I am unable to locate a document, she is able to point it out or print and file prior to the end of the visit.

She is a true asset to your company.

It is a pleasure working with Gaby and I look forward to working with her again in the future.

Sincerely,

Kind regards,

Trisha Hadfield
