Dear Patrick,

I am writing this on behalf of the entire PBCRO team, in order to acknowledge the very positive experience I had working with Angela Aviles on both the Synergy SAD and MAD studies which we conducted at ACT last year.

Angela was such an asset to the project and I doubt it would have run as smoothly in her absence. Throughout the study, she was dedicated, hard-working and thorough. She was a joy to work with and was always available to assist us at PBCRO when required.

The work ethic she displayed was beyond impressive and she worked in a pro-active manner ensuring that a high standard was maintained throughout.

Overall, I enjoyed working with Angela and the entire ACT team, and I hope to do so again in the near future.

Kind regards,

Maire Fenton
