Re: Gaby Huizar, Regulatory Specialist

Dear Mr. McLaughlin,

I am writing this letter in regards to my interactions with Gaby Huizar, Regulatory Specialist on the VEN-309-Hem-SE3-001. I personally worked with Gaby on the collection and submission of regulatory documents for Dr. Kuettel, beginning in May 2011 until April 2012.

Gaby provided quality regulatory documents in an expedited manner. She was always professional in her communications and was always available to answer any questions or queries that may have come up during the course of the study.

I have been in the regulatory field for 15 years and have had my share of negative experiences with regulatory personnel during study start up. Gaby was truly a pleasure to deal with. She is very knowledgeable in her regulatory responsibilities, which enabled Dr. Kuettel to be up and running on this study in a timely manner.

I look forward to our paths crossing again and the ability to work with Gaby in the future on another study.

Kind regards,

Christine M. Jolly
