RE: Letter of Appreciation: Sanjay Chaudhari-NVX 778 P102

Dear Mr. McLaughlin,

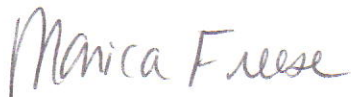

Quality Data Services would like to extend our appreciation to Sanjay Chaudhari for his exceptional work on the above trial. Sanjay has put in countless hours to ensure that the screening of subjects for this study met the expectations of the Sponsor. He ensured that the subjects were treated on time and data was entered into the database in our expected timelines.

He maintains a good understand and expert knowledge of the protocol. He is aware to key deliverables and the timeline for the deliverables.

In addition to meeting study timelines, he has been very pleasant to work with. I enjoy our calls and email exchanges related to study points. He is quick to provide responses to questions and to provide responses to data resolution needs.

Quality Data Services extends our gratitude to the work done by Sanjay and we hope to continue this excellent working relationship for the future.

Warmest Regards,

Monica Freese, RN BSN
