Dear Mr. McLaughlin:

I have the pleasure of working with ACT on a Phase I clinical trial as the CRA for ViroPharma. I would like to commend the outstanding work the team at ACT has been performing on this study, and special attention to Gaby Huizar, Regulatory Specialist. I am impressed with her knowledge and experience. Gaby is a valuable resource and I appreciate her energy, motivation and expertise. She is a great asset to her team because of these qualities. What makes her so special is that she is warm, friendly and a ray of sunshine to a CRA's day.

Gaby is very down to earth and offers sound solutions while being open to others' recommendations. She works closely with the CRAs, keeping on top of the moving parts of each study, while maintaining a big picture-comprehensive view of the constantly changing studies.

Gaby brings strength which is critical to managing a regulatory department for any sized pharmaceutical or biotech company.

Best regards,
